We are pleased to announce our all-day Bootcamp for new Clinical Research Coordinators. Orientation, CRC 101 and CRC 102 are focused on basic knowledge that is beneficial for new staff as they start their clinical research career at UCSF (see below for more details for each class). The target audience is new UCSF employees, but anyone who would like a refresher is welcome to participate. Refreshments and lunch will be provided for all classes.

We highly recommend that new CRCs commit to attending 9am-5pm for all three courses.

NOTE: There is no need to register for individual courses if you register for Bootcamp.
