Meeting Dates and Submission Deadlines

Every effort will be made to include **modification** ^[2] and **continuing review** ^[3] **submissions** on an agenda if they are received before NOON on the submission deadline. However, because of fluctuations in submission volume and other circumstances that may arise, there is no guarantee that these submissions will be added to the upcoming agenda. They will be added to the next available agenda once the submission is deemed to be complete.

Note: *Submission deadlines only apply to **modification** and **continuing review** submissions that require full committee review* ^[4]. **Brand new studies (initial submissions)** ^[5] that require full committee review are reviewed on a rolling basis, in order of date received, as are submissions that qualify for expedited review ^[4].

IRB Committee Rosters

There are currently four committees that share the responsibilities of the IRB. The committee members have various areas of expertise and are from all schools and many disciplines. Appointments are typically for two years and renewable by mutual agreement. The Associate Vice Chancellor for Ethics and Compliance gives final approval to an appointment or the decision to rotate a member off the IRB. The **Letter to Sponsors About Membership** [1] has more information on the IRB membership.

Click on the name of the IRB committee to see the membership list. You are free to contact the IRB office staff [6] and the Chairs, but please do not contact the members directly.
