Re: iRIS 11.02 Upgrade

iRIS has been upgraded to version 11.02, which includes the following changes:

- New 'View my Study Submissions Status' feature added to the iRIS home screen allowing teams to easily view all the submissions currently in process with the IRB. This includes a new 'Steps' button showing the status of the submission (e.g. pre-submission, pre-review, completed, etc.)
- Password protected attachments are no longer allowed
- New limitations on submitting multiple simultaneous submissions for a single study

For details and visuals about these changes and how they may affect you, please visit the IRB-iRIS Help Site at iris-help.ucsf.edu (requires MyAccess login). Once you are logged into the IRB-iRIS Help Site:
